# CAPTAIN TOTALAND AT NAPE

**“Being the best you can be, that’s doable. That’s possible for anybody if they put their mind to it.”  
–Captain Marvel**

At NAPE, Captain TotalLand and the TotalLand superhero team look forward to seeing the real superheroes, Landmen. Come visit TotalLand's booth #3026 to receive Superhero pens, 3D printed Swag, Superhero stress balls, and even a Captain America smart robot giveaway. You can even get a picture with Captain TotalLand!

## HTML5 Feature

Captain TotalLand is excited to announce TotalLand’s newest feature, HTML5, a streamlined system that is easy to use with any device or browser. HTML5 works with all browsers, smart phones, tablets, and any device you have on hand when you are out on the road or even in the office. Your work load just got lighter by not lugging around a lot of equipment. A quick glance at your smart phone or any device will give you the data needed to get the job done on time. However, we did not forget our Silverlight users. Some people prefer the Silverlight map, so TotalLand wanted to continue this service in addition to the new HTML5 feature. The best deal of all is that both features are provided to our clients for **FREE**, at no extra charge.

TOTALAND

Captain TotalLand understands how frustrating it can be to travel with numerous electronic devices just to see your data. Captain TotalLand and the entire TotalLand superhero team share your annoyance of being limited to only a certain browser to gather pertinent information. Have no fear, we worked hard to solve this problem for you, and our goal is to make your life more efficient and less cluttered.
